

North Potomac Yard Advisory Group #5 Scoring Sheet

Monday, July 25, 2016

2010 North Potomac Yard SAP – Framework & Street Key Goals:

- Interconnected series of pedestrian scale streets, blocks, and open spaces.
 - Required street grid based on Alexandria's historic pattern
 - Block size/ grid variations at Metro station and Crescent Park
 - Street connections to existing street network, rest of Potomac Yard, and Arlington
 - Hierarchy of streets that serve different vehicular and pedestrian needs.
 - All streets designed to favor the pedestrian and keep vehicle speeds low.
-
