Partners Directory**

Thank You For All You Do!

**Dear Community Partners,**

On behalf of our staff, students and families, ACPS would like to thank all of our generous Community Partners for your time and commitment. Your contributions make a real, lasting difference in our schools – and have a life-long impact on our students.

Thank you for being an ACPS Community Partner and for all that you do.

The ACPS Office School, Business and Community Partnerships was developed in the Fall of 2016 to support goal two of the *ACPS Strategic Plan 2020*, “Family and Community Engagement”, by building broad based innovative partnerships that strengthen the education for all ACPS students.

#### **Goals of ACPS Office of School, Business and Community Partnership:**

- Support existing partnerships between ACPS, business and community groups to enhance the efforts of ACPS to be a high performing school division.
- Create new partnerships between the school division, local schools, businesses, and community agencies to support the education of all children.
- Heighten community awareness of the desire of ACPS to actively partner with local businesses and community agencies.
- Support the efforts and growth opportunities for family engagement and volunteers.
- Investigate, develop, and implement systems designed to increase strategic funding and programmatic support for ACPS.
- Collaborate with parents and guardians in the education of their children.
- Encourage a sense of community ownership of our schools and support the development of the academic, social, physical, creative, and emotional needs of students.

#### **For More Information:**

## ACPS Community Partners Directory

The 2016-17 ACPS Community Partners Directory demonstrates the incredible support that the school division receives from our countless community partners. Our partners offer resources and opportunities designed to comprehensively meet the academic, social, physical and emotional needs of our students and to empower parents/guardians to be informed and engaged advocates in their children's learning. Together, we are ensuring every student succeeds!

### ACPS partners include:

- Nonprofit organizations
- Government agencies
- Local businesses
- Faith-based organizations
- Post-secondary educational institutions
- And more!

### ACPS has three primary types of partners:

#### Service Partners (S)

Service partners provide extended learning, enrichment, recreation, mentorships, internships, workshops, guest speakers, staff-development, social-emotional services and other supports.

#### Resource Partners (R)

Resource partners provide use of space, school supplies, food, gift cards, incentive prizes, materials, equipment, financial and other in-kind donations.

#### Formal Partners (F)

Formal partners provide resources and/or services to ACPS as well. The extent of the resources/ services provided, however, requires the execution of a written agreement that outlines basic legal provisions required by school board policy (File: KQ1) as well as a scope of work with goals and outcomes agreed to by both parties.

\*\*\*\*\*

The ACPS Office of School, Business and Community Partnerships will update the Community Partners Directory on an ongoing basis. If you have any updates, changes or corrections, please contact Shanna Samson at 703-619-8152 or [shanna.samson@acps.k12.va.us](mailto:shanna.samson@acps.k12.va.us).
