

Agenda

Long Range Educational Facilities Planning Work Group

Meeting #3

City Hall – Room 2000

Monday, April 8, 2013, 5:30pm

1. Welcome and Introductions

Work Group Members

2. Presentation: The Larger Context: What's Shaping our Future? *Ken Billingsley*

Ken is a work group member, an Alexandria resident, and Director of Demographics and Information for the Northern Virginia Regional Commission. Ken will review some of the larger trends shaping the region that will have an impact on school enrollment in the future. (15 minutes)

3. Work Program and Schedule

Staff and Work Group Members

Staff will review a proposed work program and schedule for the Work Group's consideration. Work Group members will be asked to comment on the proposed timeframes, to identify any additional issues they feel should be addressed, and to provide any other guidance that will help ensure this process has the desired result. The work program envisions the creation of committees to explore issues in detail for reporting back to the main work group. Work Group members will be asked to select which committee(s) on which they would like to serve. (1 hour 15 minutes)

4. Review Architecture and Engineering (A&E) Scope of Work

Staff

ACPS will be hiring a consultant to assess existing conditions, to support the development of education specifications, and other support. The Work Group is asked to review the scope of work and provide comments. (20 minutes)

5. Follow Up Issues

Staff

- Availability of presentation on school enrollment trends (5 minutes)
- How development is incorporated into school enrollment forecasts (5 minutes)

6. Next Steps

Staff
