

# Proposed land use

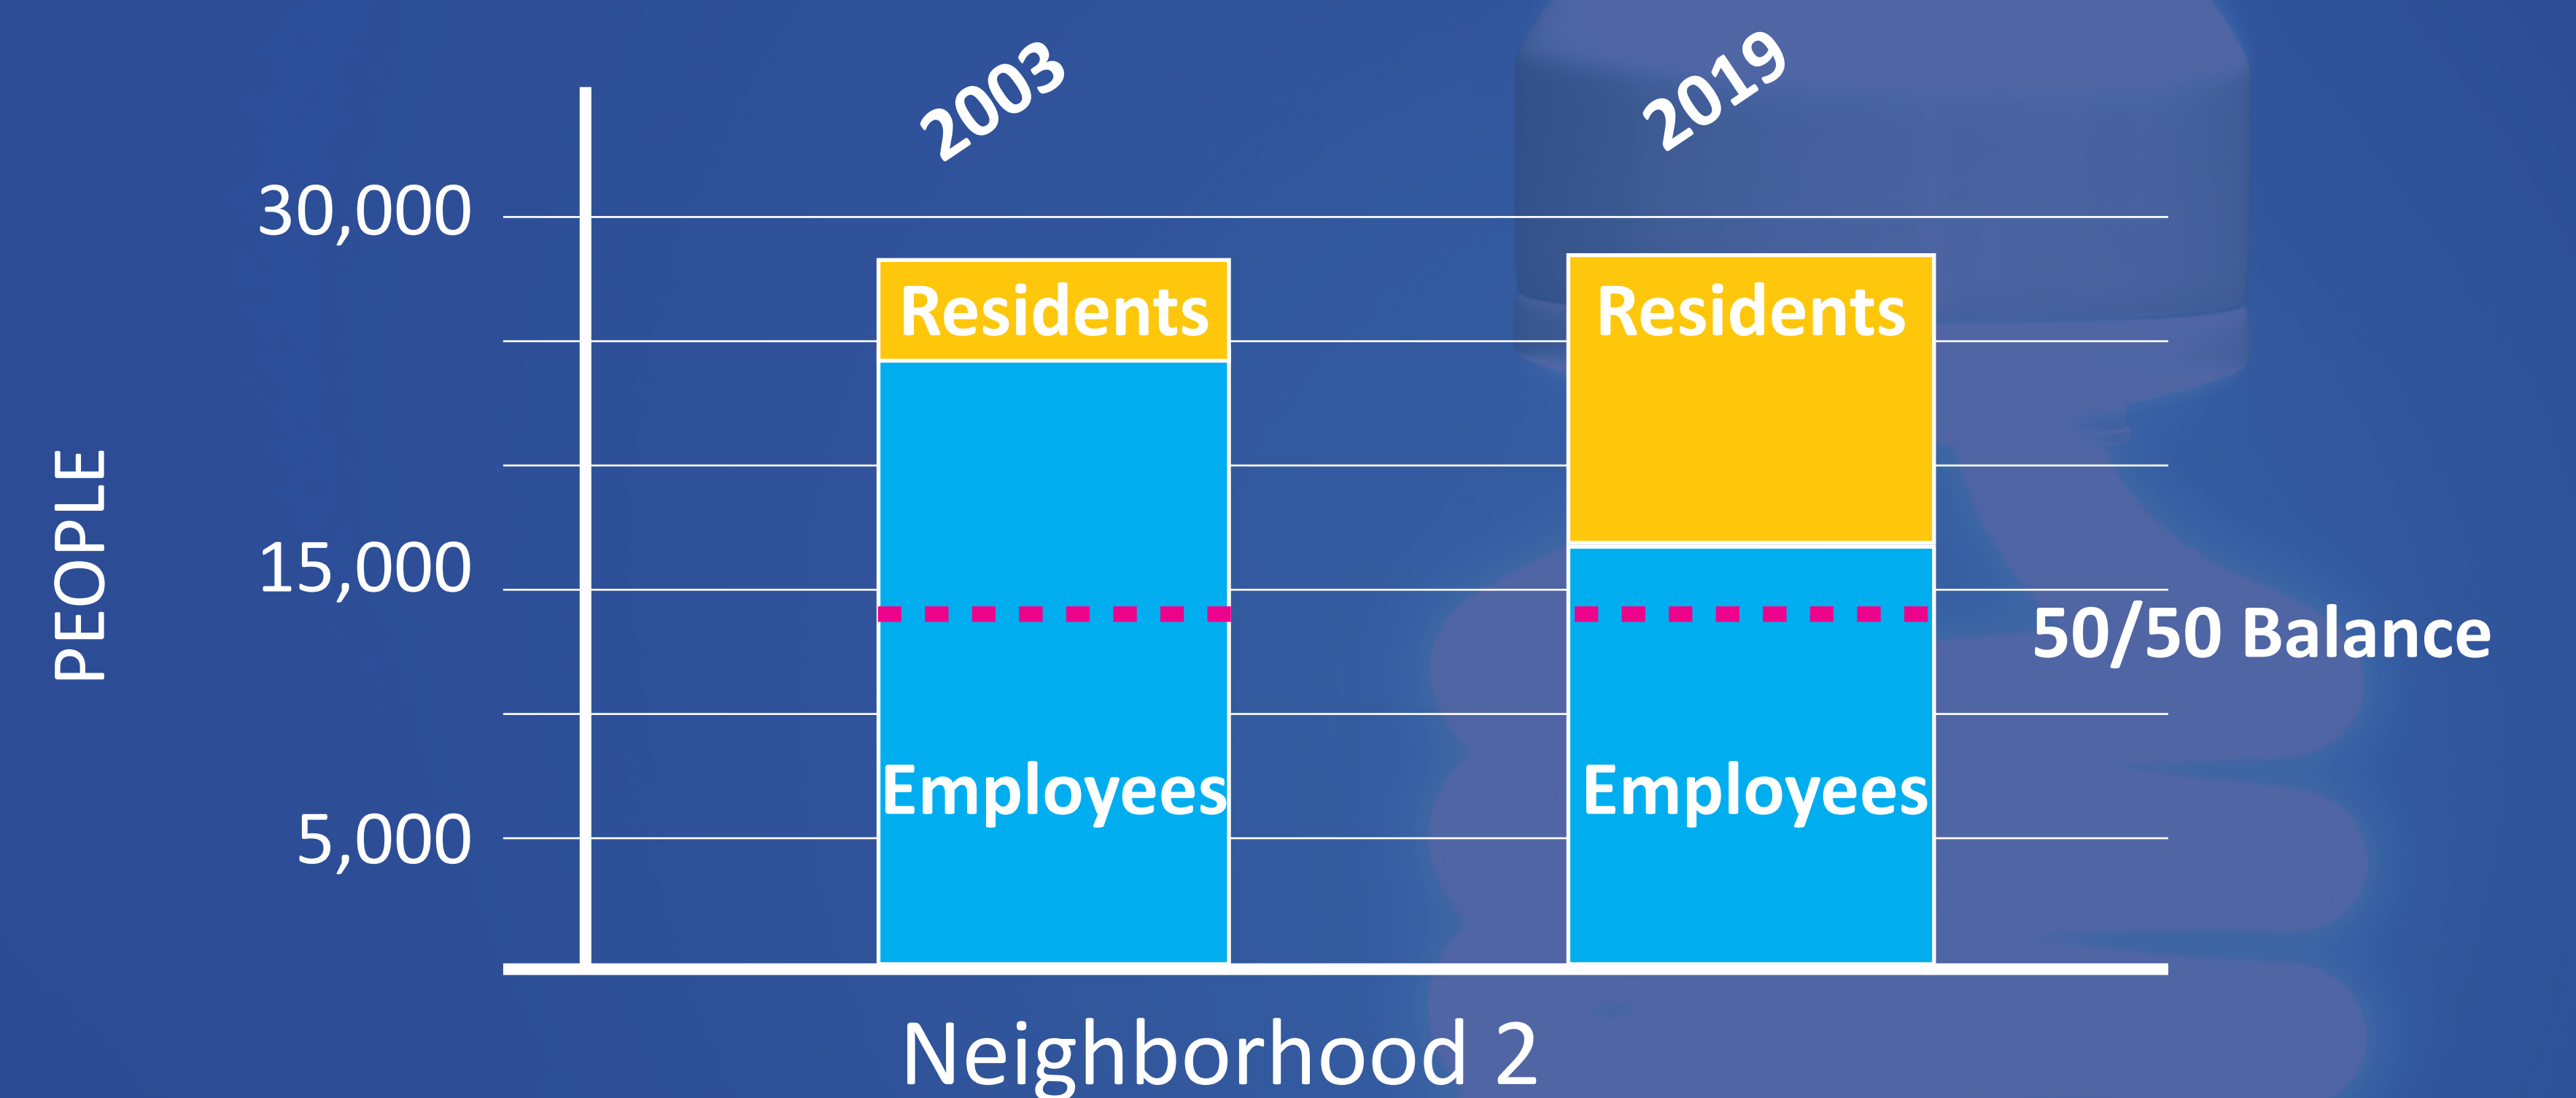

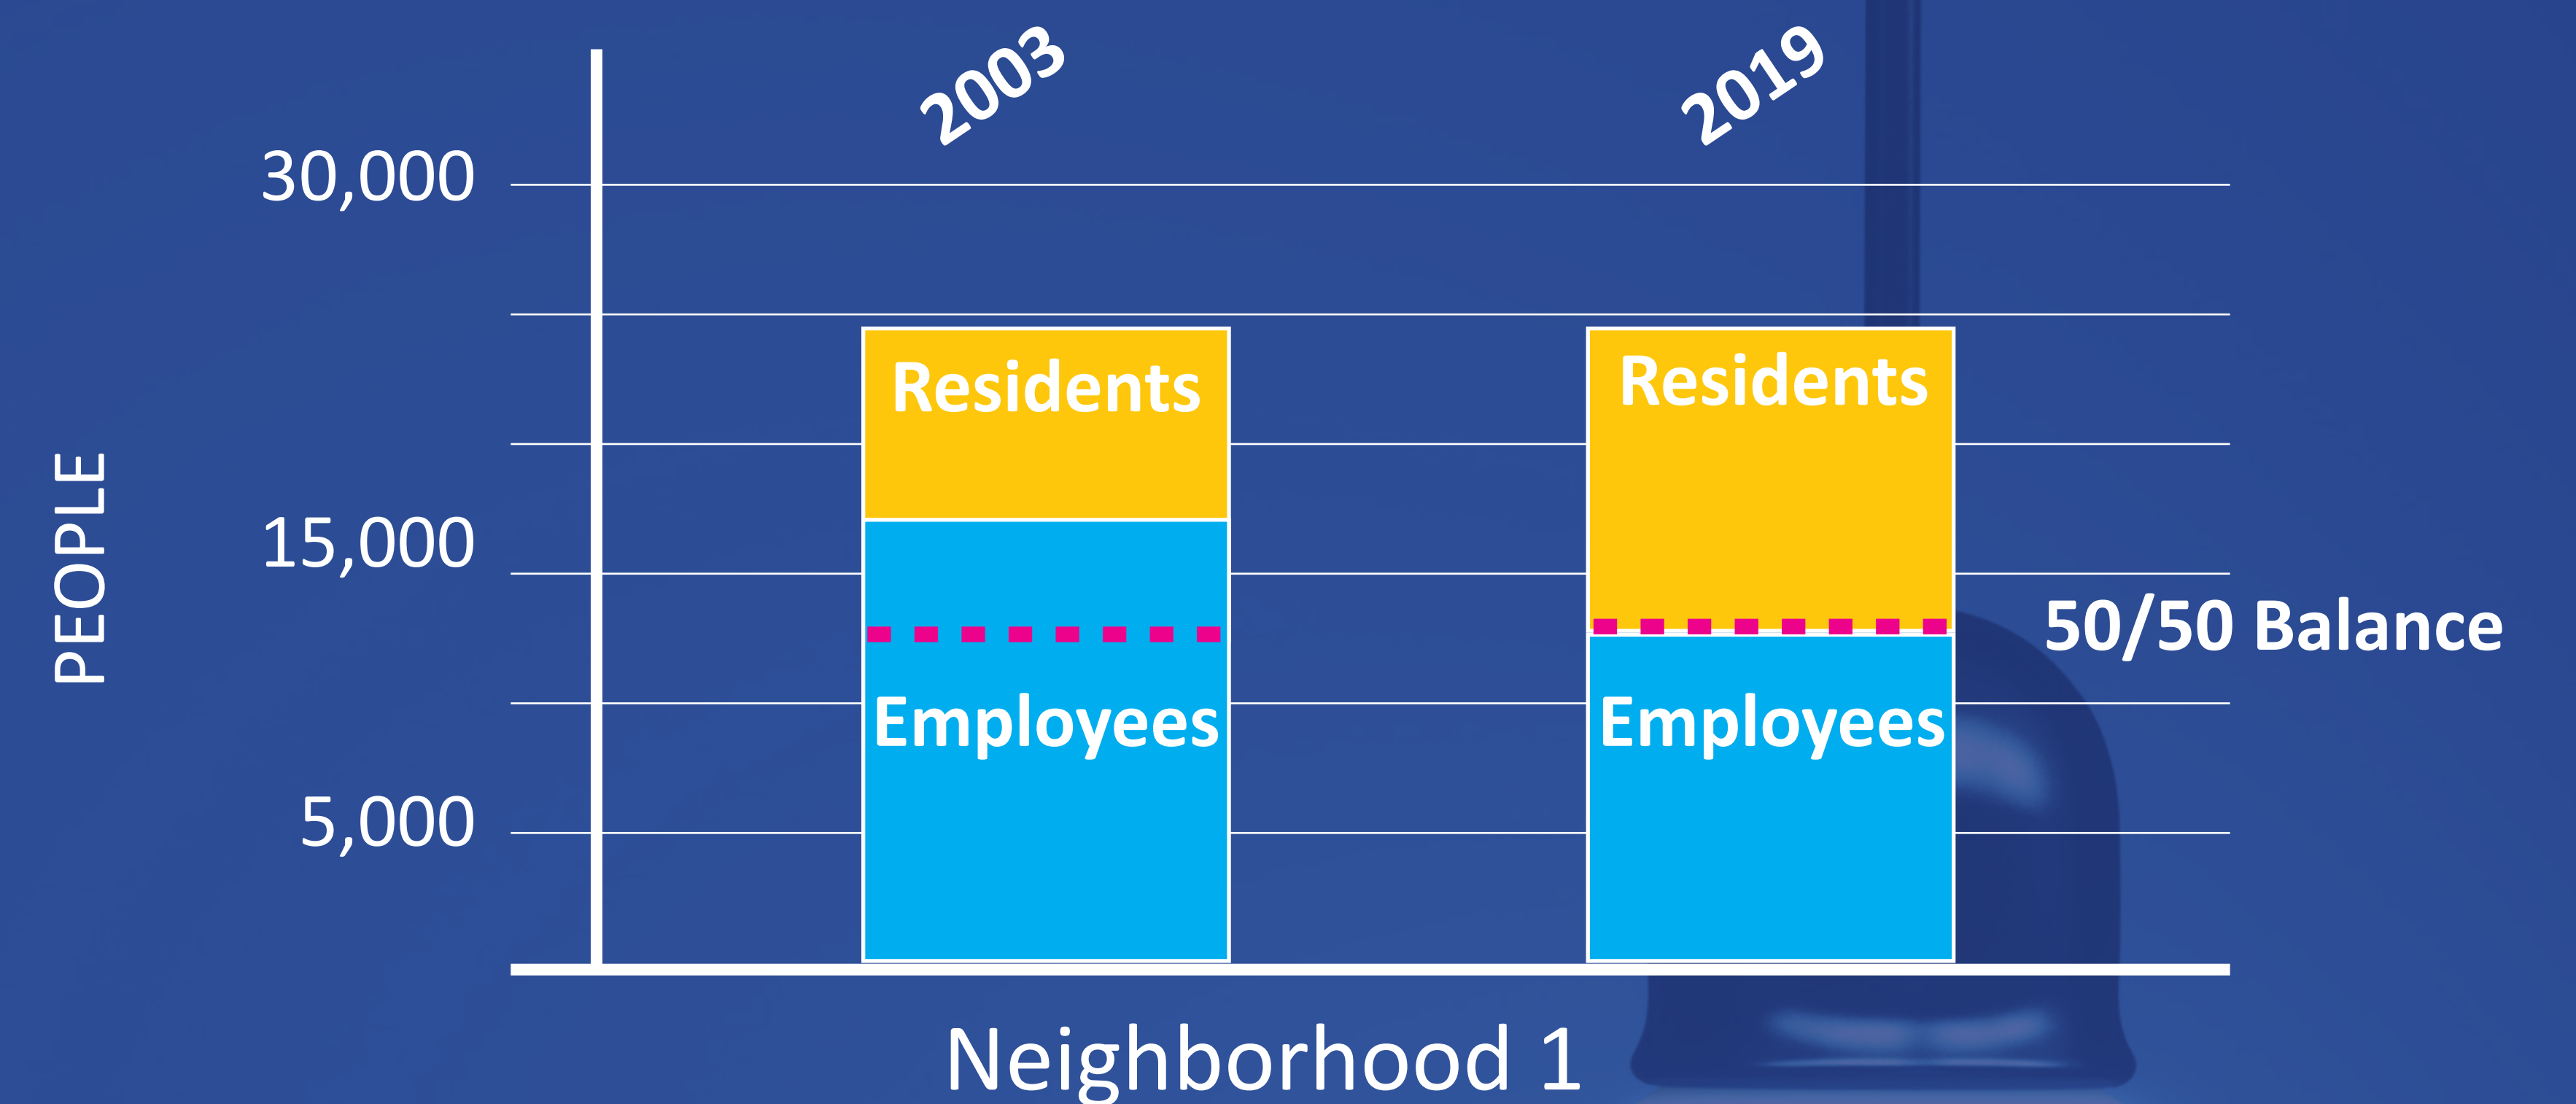

## 2019 Plan Update

Create a framework that allows for flexibility in land uses that adapt to the existing and future market

- Build community through placemaking and connectivity
- Flexibility in land uses that adapt to the existing and future market
- Achieve an overall balance of employees and residents in each neighborhood
- Concentrate retail and entertainment in the core of each neighborhood
- Commercial uses focused nearest to Metrorail Station

### Resident/Employee Balance

*Note: Above based on proposed 2019 update minimum required commercial with final land use mix to be determined through future process.*
