Executive Summary

2011 Needs Assessment Survey for The City of Alexandria

Executive Summary Report

Overview and Methodology

The City of Alexandria conducted a Needs Assessment Survey during May and June of 2011. The purpose of the survey was to establish priorities for the future development of parks, recreation, cultural facilities, programs and services within your community. The survey was designed to obtain statistically valid results from households throughout the City of Alexandria. The survey was administered by a combination of mail and phone.

Leisure Vision worked extensively with the City of Alexandria officials in the development of the survey questionnaire. This work allowed the survey to be tailored to issues of strategic importance to effectively plan the future system.

The seven-page survey was mailed to a random sample of 3,000 households in the City of Alexandria. Approximately three days after the surveys were mailed, each household that received a survey also received an automated voice message encouraging them to complete the survey. In addition, about two weeks after the surveys were mailed, Leisure Vision began contacting households by phone. Those who indicated they had not returned the survey were given the option of completing it by phone.

The goal was to obtain a total of at least 600 completed surveys from City of Alexandria households. This goal was accomplished, with a total of 601 surveys having been completed. The results of the random sample of 601 households have a 95% level of confidence with a precision of at least +/-4.0%.

The following pages summarize major survey findings:

Major Findings

- **Visitation of Parks.** Eighty-five percent (85%) of households indicated that they have visited any of the City of Alexandria parks during the past year. Of this 85% of households, 86% rated the physical condition of all the city parks visited as either “excellent” (23 %) or “good” (63%). The remaining households rated the parks as follows: “fair” (13%) and “poor” (1%).
- **Travel to Parks and Recreation Amenities.** The most frequently mentioned way that households travel to indoor and outdoor parks and recreation amenities is by car (79%). The second most frequently mentioned way that households travel to indoor and outdoor parks and recreation amenities is by walking (71%).

It should also be noted that “public transportation” (6%) is the least used way that households travel to indoor and outdoor parks and recreation amenities.

- **Participation in Recreation or Cultural Programs or Special Events.** Forty-six percent (46%) of respondent households indicated that they had participated in any recreation or cultural programs or special events offered by the City of Alexandria during the past 12 months. Of the 46% of respondents that indicated that they have participated in any recreation or cultural programs or special events, 72% indicated that they had participated in at least 2-3 programs or special events in the past 12 months.

In addition, of the 46% of respondent households that indicated that they have participated in any recreation or cultural programs or special events, 90% indicated that they would rate the overall quality of the recreation or cultural programs or special events their household has participated in as either “excellent” (30%) or “good” (60%). Of the remaining respondent households, 9% rated them as “fair” and only 1% rated them as “poor”.

- **Ways Households Learn About Services Offered.** The two most frequently mentioned ways that respondents learn about the services that are offered by the City of Alexandria Recreation, Parks, and Cultural Activities are by newspaper (46%) and from friends and neighbors (46%). Other frequently mentioned ways respondents learn about services offered are from the City of Alexandria website (34%) and from the recreation brochure/program guide (29%).
- **Need for Parks, Recreation, and Cultural Amenities.** There are five parks, recreation, and cultural amenities that over 55% of households have a need for: walking trails (84%), natural areas and wildlife habitats (67%), biking trails (62%), picnic shelters/areas (57%), and indoor exercise and fitness facilities (55%).

- **Most Important Parks, Recreation and Cultural Amenities.** Based on the sum of their top four choices, the parks, recreation, and cultural amenities that households rated as the most important are: walking trails (57%), biking trails (34%), and natural areas and wildlife habitats (30%).
- **Need for Recreation and Cultural Programs.** The recreation and cultural programs that the highest percentage of households have a need for include: farmers' markets (84%) and cultural special events (61%).
- **Most Important Recreation and Cultural Programs.** Based on the sum of their top four choices, the recreation and cultural programs that households rated as the most important include: farmers' market (59%) and cultural special events (37%).
- **Organizations Used for Recreation and Cultural Activities.** City of Alexandria Park, Recreation, and Cultural Activities (60%) is the most frequently mentioned organization used for recreation and cultural activities during the last 12 months. Other frequently mentioned organizations used include: state or regional parks (54%) and national park/forest service (41%).
- **Reasons Preventing Households from Using Facilities or Programs More Often.** "I do not know what is being offered" (41%) was by far the most frequently mentioned reason preventing households from using City of Alexandria Department of Recreation, Parks, and Cultural Activities facilities or programs more often.

It should also be noted that the least mentioned reason preventing household from using facilities or programs from the City of Alexandria Department of Recreation, Parks, and Cultural Activities was that they were "not accessible for people with disabilities (2%).

- **Actions Households Are Most Willing to Support with Tax Dollars.** Based on the sum of their top four choices, the actions that households are most willing to support with their tax dollars are: improve existing walking, hiking, and biking trails (44%), purchase land to preserve natural areas and wildlife (42%), and develop walking and biking trails that connect parks (41%).

- **Benefits of Parks, Trails, Recreation Facilities and Services Most Important to Households.** Based on the sum of their top three choices, the benefits of parks, trails, recreation facilities and services that are most important to households are: improves physical health and fitness (60%), makes Alexandria a more desirable place to live (57%) and preserves open space and the environment (37%).

Other Findings.

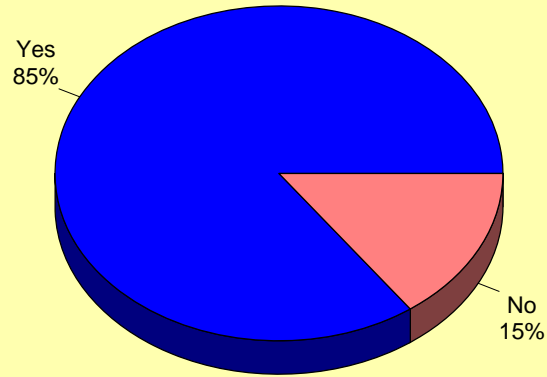

- Eighty-one percent (81%) of respondents indicated that there are parks within walking distance of their residence.
- For each of the four age groups surveyed (ranging from ages 11 and under to ages 55 and older) the organizations that they indicated they use the most for recreation and cultural activities were: the City of Alexandria Parks, Recreation, and Cultural Activities.

Section 3:
Benchmarking Comparisons

National Benchmarking

Since 1998, Leisure Vision (a division of ETC Institute) has conducted household surveys for needs assessments, feasibility studies, customer satisfaction, fees and charges comparisons, and other parks and recreation issues in more than 400 communities in over 40 states across the country.

The results of these surveys has provided an unparalleled data base of information to compare responses from household residents in client communities to “National Averages” and therefore provide a unique tool to “assist organizations in better decision making.”

Communities within the data base include a full-range of municipal and county governments from 20,000 in population through over 1 million in population. They include communities in warm weather climates and cold weather climates, mature communities and some of the fastest growing cities and counties in the country.

Communities within the following states are included within the National Benchmarking data base.

- **Arizona**
- **Arkansas**
- **California**
- **Colorado**
- **Connecticut**
- **Florida**
- **Georgia**
- **Kansas**
- **Kentucky**
- **Idaho**
- **Illinois**
- **Indiana**
- **Iowa**
- **Maine**
- **Massachusetts**
- **Michigan**
- **Minnesota**
- **Mississippi**
- **Missouri**
- **Montana**
- **Nevada**
- **New Hampshire**
- **New Jersey**
- **New York**
- **North Carolina**
- **Ohio**
- **Oklahoma**
- **Oregon**
- **Pennsylvania**
- **Rhode Island**
- **South Carolina**
- **South Dakota**
- **Texas**
- **Utah**
- **Vermont**
- **Virginia**
- **Washington**
- **Wyoming**

“National Averages” have been developed for numerous strategically important parks and recreation planning and management issues including: customer satisfaction and usage of parks and programs; methods for receiving marketing information; reasons that prevent members of households from using parks and recreation facilities more often; priority recreation programs, parks, facilities and trails to improve or develop; priority programming spaces to have in planned community centers and aquatic facilities; potential attendance for planned indoor community centers and outdoor aquatic centers; etc.

Results from household responses for the City of Alexandria were compared to National Benchmarks to gain further strategic information. A summary of all tabular comparisons are shown on pages 3-9.

Open Ended Survey Comments

Parks and Recreation Needs Assessment Survey for the City of Alexandria

<p>Please share any additional comments that can assist the City of Alexandria Department of Recreation, Parks, and Cultural Activities in improving services to you and your household.</p>
Please change back the time of operation for the indoor recreation facilities.
Another indoor pool near a metro would be awesome!
Would love to be able to get to other parks and neighboring cities via connected "greenways". I feel it would promote healthier activities like walking, blading & biking, while preserving natural landscape.
The Alexandria newsletter comes too late for the month's early events.
Make sure you have programs for the handicapped/mentally impaired/disabled citizens. They have rights, too, and depend on us taxpayers.
Many of the parks are wonderful. Dog parks need to be improved, especially the smaller ones.
The waterfront trails/marina are a huge asset to the city and part of what makes Alexandria unique. Any steps to further preserve/protect them would be appreciated!
More dog parks with dedicated space for small dogs.
We would love morning hours at the pools. Starting at 12:00 is too hot, especially for kids. Most neighborhoods don't have very nice pools (especially when compared to the outer suburbs). It would be great if Alexandria built a nice new pool. We'd rather pay the City to join each summer. Pool costs for residents are very reasonable, thank you.
Communicating availability of programs for youth (children under 5) is critical.
Need more fishing ponds.
We are a military family from the United Kingdom, living here for three years; not paying local taxes, loving Alexandria!
I'd love a swimming pool in Old Town where I could swim laps (and not have to share a lane). I use the walking/bike trail from Old Town to National regularly; what a wonderful place to walk!
The small dog park at Cameron Station (Ben Brenman Park) is neglected. Needs trees, grass, benches, covered area, and a water source.
Too many dogs in Old Town.
We'd like to see more programs for infants (0-2 years).
Would love to see more outdoor pools in Alexandria!
Whenever anything is free there is usually very little room for seniors to enjoy themselves.
The biggest problem in Alexandria right now is traffic. Space should be used for parks and recreational purposes as much as it is for new development.
Having lived here for such a long time, I have had children go through the system. It has improved, but not enough, and now I belong to the senior crowd.
Would be great to have tennis courts on south side.
Bike/walking trails have become so crowded with bikers that potential dangers exist for walkers and perhaps for bikers. We need some trails only for walkers; these should be paved and not gravel, which is uncomfortable to walk on.
The skate park is a nuisance. Noisy. Littering. Not secure. Kids scale the fence at night. Tired of calling the cops. Hours are not enforced.
Parking, parking, parking.
Improve transportation.
It's not your department, but the most important service to me is the library; #2 is archaeology; #3 historic sites.

Parks and Recreation Needs Assessment Survey for the City of Alexandria

<p>Filling this out, I didn't realize how often we use City facilities. Also, some of my answers regarding importance might change related to cost. For example, if synthetic turf is cheaper and more environmentally-friendly, I'd support it. Also, we really love living here. Thanks for all Parks & Recreation does to make Alexandria a great place to live.</p>
<p>I look forward to learning more about programs & facilities. So far, it seems you have a well-run department.</p>
<p>Neighborhood swimming pools--need more and willing to pay for them!</p>
<p>Colesanto Pool--please re-open. Warwick Pool--please keep open. Tennis Camps should be 5 times/week in summer (vs. 1 time/week); more open space.</p>
<p>Pay attention to Freedman's & Contraband Cemetery.</p>
<p>So many other cities call their "Rec Centers" "Community Centers" to serve all ages of the community.</p>
<p>Thank you for sending out this survey! This is a step in the right direction!</p>
<p>Increase the availability of programs offered by the City.</p>
<p>The City of Alexandria needs to better support ESSENTIAL services (education, water/sewer infrastructure), rather than nice-to-have amenities available elsewhere.</p>
<p>I'm new to the area and haven't fully explored the options Alexandria offers.</p>
<p>Safety in and around facilities and its impact on community in the vicinity needs to be a high priority. You can't have any of the things mentioned if a single woman or parent doesn't feel safe to walk to car or live near these facilities.</p>
<p>Let's get recycling containers at City parks. Keep geese (and poop) off of recreation fields.</p>
<p>Hope you offer more art classes or workshops or something, cultural activities in the evening or Saturday.</p>
<p>Keep airplanes from flying over Landmark; they knock out broadcast TV reception.</p>
<p>Jones Point Park, in particular, should be made more dog-friendly.</p>
<p>I am not aware of many activities, courses, events being offered. Can this information be made more readily available?</p>
<p>We have no safe access to playgrounds and outdoor swimming pools. We have to use Fairfax County facilities for outdoor pools and safe biking trails!</p>
<p>I lived in Arlington County for 19 years before moving to Alexandria City 13 years ago. At that time, I was shocked to find how little Alexandria offers as compared to Arlington, especially for seniors. I belong to Arlington's 55 Alive and participate in many of their activities. I haven't found much of interest in Alexandria, which is the only jurisdiction I seem to be eligible in. Example: I live very close to a senior center, but an Italian class I would have liked to take would have cost me \$65, while the others got it free, because I was over the line. I don't get anything in the mail re: Alexandria activities. The Golden Gazette seems to be only for Fairfax County residents. I would especially like us to have something like Arlington Senior Taxi. I only participate in activities in Arlington, as they have much more than Alexandria. Besides, I'm 84 and in poor health, so don't do a lot any more.</p>
<p>Nice to have an indoor lap pool in 22314. Like Chinguapin, only closer to the river. Develop the riverfront.</p>
<p>I am very impressed by the Library programs offered for babies/toddlers. We enjoy our weekly story/song times! The soft playroom is wonderful. I also enjoy being able to walk to multiple parks near my home.</p>
<p>More playing fields that allow for "pickup" games would be nice. Reservations are required for most large spaces.</p>
<p>Not City responsibility to build/maintain dog parks. Communities should pay for those.</p>
<p>Good maintenance is more important than developing new facilities. Installing a sidewalk on Dawes Avenue between Seminary Road and Stevens Street would enhance safety for pedestrians and bicycle riders and encourage more bus usage.</p>

Parks and Recreation Needs Assessment Survey for the City of Alexandria

I have not taken advantage of very many programs of Parks & Recreation. In general, I think offerings are plentiful, affordable, and an asset to the City.
We need more restaurants on the waterfront, i.e., Baltimore, Georgetown; the Chart House should not have a monopoly.
Please make Angel Park safer to access. West Taylor Run Parkway needs bump outs, stop signs and bike lanes. Angel Park needs poison ivy removed. Angel Park would benefit from a new pavilion, sandbox, swings and a see-saw; please consider it for a spray park.
Not sure where facilities are; nearest tennis/basketball one always seems to have people at it. Where are the others?
Better maintenance of the sand volleyball courts in Ben Brenman Park.
Parking in Old Town should be free like in Shirlington; would bring more people to town; free garage.
More attractive programs for adults, especially single adults.
Please have local police monitor basketball courts and park areas at night to prevent gang activity, crime and loud music, noise at night after 10:00 p.m.
Reduction of traffic noise and preservation of the waterfront parks without additional construction of waterfront plan elements. Light rail/bus line a ridiculous concept that will negatively impact our quality of life.
At our age, we have little use of the park facilities.
Love how dog-friendly the City is! Would love to keep building on that!
More true bike lanes, or convert wide sidewalks to trails. More adult dance classes like ballet. (Bike markings on W. Braddock Road are too dangerous to ride.)
Keep the Warwick Pool open and operating, please. I'll pay two times the current per use fee.
Thanks for rebuilding the Tarelton Tot Lot. It's a big improvement.
I tried registering my kids for soccer, and the staff was rude.
Reduce fees that a citizen of the City, Alexandria, has to pay for activities. Offer more educational classes.
Open recreation for senior exercise. Lee closed forever; no exercise.
Do more for taxpayers, less for freeloaders.
Fenced dog parks with lake, stream, and water access.
Unfenced dog parks are a joke. The Old Town tiny park is ugly, small, and unpleasant.
Need a lighted walking/running track (perhaps at a school) for winter walking/running!!
We need more public tennis courts (outdoor).
Would like to see programs for kids under 3 offered on the weekends other than swimming; would like to see upgrades to the playgrounds in Holmes Run Park.
There are no playgrounds or dog parks near our home. Minimal park options. More, please!
All Rec Center gyms to open earlier if possible.
We need bilingual staff at recreational centers and other offices to help community to get access to services.
We need more healthy starts for children under 3, for people with a low income, like me.
We've used many Recreation Department facilities over the years and enjoyed them all. Our family is just getting older and busier. Aging adult fitness is now our focus!
I don't know how and where to get most of these benefits, but I am generally satisfied.
Unlock the gates to the astroturf fields.

Parks and Recreation Needs Assessment Survey for the City of Alexandria

More (and better run) water fitness classes are needed for older adults; walk facilities are lacking. And when they exist, they need to be upgraded and better maintained.
We love Alexandria and are thrilled to be residents. We think the parks are well-maintained.
Drinking fountains and shaded playgrounds/areas!
Make public tennis courts hard courts, not the terrible PLASTIC crap that is currently here!
The waterfront needs to be redone. The current parks are substandard, water access is limited and it's dirty. Also, you can't walk along the waterfront from end to end.
We're disappointed there is a fee attached to the exercise room; many residents can't afford gym fees.
We love this City and the Mayor. Thank you for your leadership!
I don't know how to use the programs because I don't have any information on them.
Would like to be able to use the YMCA more, but it is usually very crowded; time on the equipment is consequently limited. Need more space and equipment.
Please have the community grass cut often.
Moving toward a fee structure is a big setback. Increase customer service, friendliness and competence. Support festivals like the Alexandria festival.
I am an 83-year-old widow alone. I do walk everyday, but in my neighborhood. Over the years, my family and I used the wonderful Alexandria parks many times, but not for the last few years.
Tell Bill the Mayor that quick fixes to the tax base are harming the City in the long run.
The City may already have what is necessary for our household, but there are not enough advertisements or information available to us. Receiving information via email or mail would be very helpful.
Lighting should be installed in dark areas of bike/running trails.
We were disappointed in the Scottish Walk Parade & St. Patrick's Day Parade this year, and usually these are favorite events of ours.
No lights!!! Get rid of Bill Euille!
In the current economic situation and already high taxes, Alexandria should have modest goals for maintaining recreation programs.
Stop building houses and preserve Alexandria parkland and greenery. Please, PLEASE, please put a fence up around the dogs' park on Union. So many residents with dogs can't use it because it is unsafe to have dogs running near busy streets!
Increase police and animal control presence in and around Four-Mile-Trail. Offer, in conjunction with community association, private citizens opportunities to partner and sponsor events. Quarterly.
Parks are key.
Mail more information to households.
Thanks for all you do!
Waiting for tunner under Telegraph Road overpass to be opened after construction. Needs lighting on path. Path also needs reconstruction where muddy near tunnel opening steps. Maybe you need to pass this comment to traffic department; not sure if you own this path. Please fix this important pass-through from Duke Street to Hoffman Center.
Live at a condo which provides swimming and tennis and I've also have joined a fitness club.
More programs for adults aging at home and better wheelchair access.
Was very frustrated by efforts to obtain a Community Garden plot. Poor communication.
As Old Town residents, it is surprising how often we happen upon events we didn't know were taking place. We walk around Old Town often, and more prominent signage would help to advertise local events for people like us.

Parks and Recreation Needs Assessment Survey for the City of Alexandria

Not enough exercise-related programs offered, compared to surrounding jurisdictions; poor choices.
We need well-kept and updated local services in our neighborhood, like a pool and parks that actually get mowed before the grass is 1-1/2 feet tall.
Enforce leash laws. Need better bike paths.
We have a passive park in our neighborhood, and it is completely unenjoyable. It was formerly maintained as a usable space where neighbors walked dogs, chatted, and gathered, but after the City forced a developer to pay for damage the City caused, it is a crappy passive unusable park that leaves neighbors no place to gather. Why not ask the neighborhood what they want? We DON'T want a passive park, we want picnic tables! P.S. The Marina is great! So is the staff.
Security for women on running paths and in parks.
We live by Ben Brenman Park and love it!! Keep up the good work!!
Services and facilities should be free or charge very modest fees. Limited, but quality, offerings should ensure affordability to those with limited means. Please try to limit or eliminate the need for outside vendors to conduct surveys.
Better advertising/publicity for Old Town Farmer's Market on Saturday mornings! It's a gem!
The newspaper always lists lots of exercise, etc. programs for aged/disabled in Arlington. I have never seen any listed for Alexandria. What recreation facility serves all the residents in the western side of the City? Look at the population density figures. A lot of people live in all these high-rise apartments and condos.
Please have more programs at the fields, and only one location for these programs.
No lighted fields near residences!
More swim classes! We are often wait-listed when signing up.
I would like to work for the City of Alexandria. Thank you.
Trash pickup in parks after long weekends needs attention. Otherwise, parks seem in good shape.
Should ask people questions about how parks effect their quality of life. The park by my house is not used properly, and makes my life miserable.
Since Alexandria is so urban, anything to preserve, expand and maintain parks and open spaces is greatly needed.
Need more large, fenced dog parks near or in Old Town, something with an innovative design.
I enjoy the Scottish Walk and George Washington birthday parades.
Need enough indoor/outdoor tennis courts for High School tennis team matches.
Alexandria west end (Van Dorn/Edsall) needs preservation and development of community space and park space to balance future and recent development.
Need to do a better job of getting the message out; I rarely know about special events, even though I live here.
On Questions #6, #8, and #10, we don't "need" these, but we want most of the amenities for others who do! And we'll pay more taxes to have them. It helps us all!
Thank you for engaging in this survey and for improving our quality of life in Alexandria!
Dora Kelly Park is not well-maintained. There is no penalty for people with dogs off leashes. The open grass areas are not mowed frequently enough.
Need indoor pool in west end!
Would be interested in swimming classes/aerobics for adults. Not sure where information on programming is available. Library? Local businesses?
I truly enjoy spending time in the parks along the Potomac River in Old Town. We need to improve protections against flooding!

Parks and Recreation Needs Assessment Survey for the City of Alexandria

<p>The City of Alexandria has a large, young community that requires more green areas, parks and sports facilities.</p>
<p>Baseball/soccer fields are great, but we need more open use greenspace/wooded/natural spaces, too. Thank you!</p>
<p>Need more reclining deck chairs at Warwick Pool. Also need more picnic tables around pool with umbrellas. Thanks!</p>
<p>Please unlock the playground at Charles Houston.</p>
<p>Please provide better maintenance for the outdoor pools. Please repair or dismantle the areas of Oronocco Park damaged by floods.</p>
<p>Soft playroom fees are way too high and rental rates for Ft Ward are too high!!</p>
<p>Upkeep of all recreational parks and facilities is very poor. Maintaining current parks and facilities to the highest level should be the main priority of staff. A smiling face also is a positive.</p>
<p>Large, local, outdoor community pools.</p>
<p>Do NOT make Chinguapin Garden plots non-renewable. I've been doing it for 20+ years; I will quit and not come back. Organic gardening depends on continuity. We need dog parks that work if I pay a lot of money for kids stuff when I have no kids. No argument: they need things. But I would like to be able to let my dog run legally (and get some exercise for me) in a real park, not some space next to a highway project. A barren mudhole is not a dog park. Neither is a median strip.</p>
<p>Very new to this City, so there's a lot I don't know about the City.</p>
<p>Keep up the good work; do more.</p>
<p>More trash cans and recycle bins at EVERY trash can location.</p>
<p>Emphasis should be placed on maintenance and improvement of existing facilities.</p>
<p>Please provide weekday morning hours at outdoor pools (or at least one outdoor pool) for preschool-age children.</p>
<p>I am most interested in seeing the playgrounds in Old Town be updated/upgraded. Visiting other playgrounds in the area shows how dated they are. We could also use water/splash parks on weekdays for a longer season; late June is very late to start cooling off.</p>
<p>Love the 4th of July event!</p>
<p>We need year-round pool facilities open/less crowded during hours when working people can use them.</p>
<p>I like the recreation programs offered for adults at Chinguapin, but the classes are always on the same days at the same times (i.e., I like a yoga class, but it's at the same time as an aqua aerobics class I like). It'd be nice if things got moved every so often. What about programs geared for singles? And what about cooking, sewing, or other fun adult classes, instead of all being sports and fitness related?</p>
<p>Programs are good; special events are fair. We believe activities should be fee-based. City should put more resources into film festival.</p>
<p>The only recreational areas I have visited have been Ft. Ward and the waterfront, and both are very well maintained and secure. I enjoy going to both, especially Ft. Ward.</p>
<p>Hire more staff members for Nature Centers, parks, and libraries.</p>
<p>Upgrade Buchanan Street park with the soft surface, not wood chips; lower swings on the swingset to accommodate small children.</p>
<p>Would like better public transportation to get to events and more frequent public transportation.</p>
<p>Need more senior programs during non-work hours; all programs seem to be during business hours and many seniors work full-time.</p>

Parks and Recreation Needs Assessment Survey for the City of Alexandria

Thanks! Perhaps park officials could help ensure that the Alexandria dog owners leash their dogs in public spaces, especially parks. Are fees being assessed? Also, can more of the pools be improved and made available for lap swimming?
More fenced dog parks; more parking, especially for residents (NOT metered)!
A children's tennis program would prepare youth for high school tennis.
The park in Potomac Greens park needs a water system, and the gazebo needs chairs. Also, the playground area needs some type of recycled rubber to lessen the impact of falls near the slides, etc. The park needs upgrades, and there is no swing. Bare bones park. Also need a kids' train, like in Bethesda; more interactive park for toddlers.
Thank you for all you do to make Alexandria a great place to live! Keep it up!
Make interacting with the public a critical element in evaluating employee performance all the way to the top.
I appreciate everything that Alexandria is doing to try to improve its services, especially youth services.
We need a master plan for Ft. Ward Park and better maintenance. Need a new park at Beauregard & Seminary intersection. Need new playing fields in condo canyon by Landmark Mall.
All I really use is the Duke Street dog park. It needs water and shade. Arlington dog parks are far superior, but Alexandria claims it is dog-friendly.
I have generally been pleased with summer camp offerings and athletic programs for children. I have never been pleased with the quality of the pools. The outdoor pools are poorly maintained and, in my estimation, the staff is poorly supervised. Frequently, you have to beg them to open diving boards. We do not go to the indoor pool because it is TOO cold. Instead, we go to YMCA, or to Fairfax pool. Pools should be a priority.
Please do not increase our taxes, but offer services we are willing to pay a fee for. Thanks.
More spray parks and indoor places for toddlers.
They need to stop digging up perennials to plant annuals, and leave the bulbs alone. This department of the City has about 1/3 too many employees.
Too many dog parks are planned/being built in 22301. Running track at George Washington Middle School needs improvement.
Better email newsletters are needed.
Great City in many respects. Love the parades, cultural activities, and Farmer's Markets. Need better communication on other services. An outdoor performance space would be tremendous.
Would really like to know about things for people over 50.
Mini-Howard soccer fields with lights are locked up. Not much opportunity for pickup soccer like in Arlington. More bike paths on the major roads; more community-friendly for cyclists.
Having multiple autoimmune disorders, physical activity is important to maintaining the health I have. In order for group/class activities to be worth an enrollment fee, I would need to be able to attend one class per week without it being required to be the same time each week when there are multiple offerings. Or, have a per class payment option. Some of my disorders involve the digestive tract, so access to clean, functional bathroom facilities is always my primary concern.
Professionally prepared survey -- Tell Waterfront Commission to do the same!!! Good job!
Cheryl Lawrence does an outstanding job!
Keep up the good work.
I am new to Alexandria (less than one year) and not too familiar with what is offered.

Parks and Recreation Needs Assessment Survey for the City of Alexandria

Need more running facilities (i.e., at least quarter-mile tracks); Braddock Field would be a great place. Also need more woods and open space similar to Huntley Meadows throughout Alexandria. Potomac Yard would be a great spot. Need more connecting trails for pedestrians/runners/bikers. For example, a bike path to connect Monroe Avenue to Slaters Lane is needed.
We homeschool, and we pay taxes. We'd like to see more programming during the day. There are lots of homeschoolers who would participate!
City does a good job. More communication needed for programs and events.
We need more education about the services the Alexandria parks offer.
See slack picked up; some rec centers have more choice than others. Need more for kids and better fitness equipment.
Library needs computer access for blind people.
I live in the Landmark area, and it is going downhill.
More youth sports are needed with better fields.
Local schools are reserving public tennis courts. This should NOT happen to taxpayers who pay for the court.
The parks I have used are really good; it's not obvious where all the parks in Alexandria are.
Youth programs in Alexandria are more costly than neighboring counties/cities. Can be expensive for families with multiple children.
The City does a very poor job of programming for healthy, active seniors and retired people. There is little available, and it's hard to find out about. There are more and more of us, so why are we being ignored?
The parks are great. Should be more Marina access. Too little Marina area, and the clubs are too expensive.
Improve the school system!!! Better in Fairfax!
Basketball courts indoors need refinishing; improve Chinguapin hours. 9:00 p.m. close is unrealistic. Adult basketball leagues are GREAT!
Waterfront park at the bottom of Duke Street is always neglected. Needs more frequent trash pick-up and mowing.
Would like another outdoor pool; with the wave pool.
During school, kids need different kinds of activities and also tutoring. In the next new year, support students and help them get better grades.
Promote better understanding of "Dash" bus routes and how to use them.
Would like to see allowing unleashed dogs or exercise area at Prince St park on the river! Or at Lee St park; close the huge field with fence at edges of Gibbon. Even during certain hours when kids aren't there, allow free open space for dogs.
Need more handicapped tables and picnic tables at the parks.
We need lights on walking and bike trails, and a newsletter about where the trails are.
Provide after school programs for children with special needs.
We need improvement at the pool in sanitation and maintenance.
Preservation of green space!
Better maintenance of vegetation around walking/biking trails.
Assist the children.
Develop some kind of class oriented towards family dynamic health.
Indoor soccer fields are needed.

Parks and Recreation Needs Assessment Survey for the City of Alexandria

More improvement of park facilities.
More outdoor swimming pools!
Indoor swimming pools are too far from our residence. Have to travel to other counties.
Need to use Fort Ward amphitheater more for community events.
It's very important to keep the restrooms clean.
One of the reasons I love Alexandria is that it has a completely developed infrastructure, including rec/parks/cultural activities--just the opposite of Miami, my former residence.
I'm very dissatisfied that baseball fields especially are chained and locked. They should be opened for general use and money put into necessary continued maintenance. Rules should be posted for general use and times of day allowed for general use.
We need a rec center on the west side in condo canyon.
Classes are not offered at a facility near my home, so my daughter is repeating, rather than go to the different location to learn new skills.
Make it less expensive for children.
Improvements have been great so far. Thanks for making Alexandria a wonderful place to live.

***A Few Minutes of Your Time Will Help Make the City of Alexandria a
Better Place to Live, Work and Play!***

Dear City of Alexandria Resident:

Your response to the enclosed survey is extremely important...

The City of Alexandria Department of Recreation, Parks and Cultural Activities is conducting a Park and Recreation Needs Assessment Survey to help establish priorities for the future development of parks, recreation, cultural facilities, programs and services within your community. Your household was one of a limited number selected at random to receive this survey, therefore, it is very important that you participate.

I appreciate your time...

This survey will take approximately 10 minutes to complete and each question is important. The time you invest in completing this survey will aid the City of Alexandria in making decisions that will enrich the future of our community and positively affect the lives of its residents by responding to needs that you help to identify. With your input, we will continue to provide and improve vibrant, safe, and attractive parks and facilities for all citizens to enjoy.

Please complete and return your survey within the next two weeks...

We have selected Leisure Vision/ETC Institute, an independent consulting company, as our partner to administer this survey (visit www.etcinstitute.com/LV.aspx for information on Leisure Vision/ETC Institute). They will compile the data received and present the results to the City. **Your responses will remain confidential.** Please return your completed survey in the enclosed postage-paid envelope addressed to ETC Institute, 725 W. Frontier Circle, Olathe, KS 66061.

If you have any questions, please feel free to contact Dana Wedeles in the City of Alexandria Department of Recreation, Parks and Cultural Affairs at 703-746-5491 or dana.wedeles@alexandriava.gov. The Park and Recreation Needs Assessment Survey is a tool that will benefit all City of Alexandria residents. Please take this opportunity to let your voice be heard!

Sincerely,

William D. Euille
Mayor
