Your life

Is in danger

If you look in the mirror and see a stranger

This is not the life you said you wanted to live

This is surreal

Unbelievable

Living days like goals are unachievable

Your life

is at risk

When you're living to just exist

To pay bills

To keep a roof over your head

Making sure your family is fed

But you aren't fed spiritually/artistically

You're empty

Unfilled

Pouring from a cup overflowing of nothingness

Never focusing on your importance

YOUR LIFE

Is in jeopardy

You're treading lightly

An endangerment to yourself

BUT

You can un-danger yourself

You're still you

You can do what you said you wanted to do

You're still here

Still breathing

Start believing

Make some steps forward

... just for your

And start achieving
